

ABOUT THE NMC

The Naval & Maritime Consortium (NMC) is a world-class network of manufacturers, engineers, and OEMs collectively addressing challenges, sharing solutions, and collaborating to develop opportunities within the growing Blue Tech industrial sector.

Our programs and goals focus on Naval submarine shipbuilding and offshore wind supply chains within and around New England.

WHY BECOME A MEMBER?

As an industry leader in naval shipbuilding, offshore wind power, and undersea vehicle technology & manufacturing, your NMC membership will help drive sustainable growth and innovation across our region and beyond.

Our newsletter will keep you informed of upcoming events, opportunities, and important information regarding the NMC community's activities.

MEMBERSHIP BENEFITS

- Access to a community of Blue Tech, naval, and maritime professionals; includes matchmaking for paid membership holders.
- Collaboration with other manufacturers, suppliers, OEMs, research institutions, and academic affiliates.
- Opportunities to co-host or speak at NMC-hosted webinars, workshops, and in-person networking events.
- Free attendance to recurring monthly working groups.
- Deeply discounted or free attendance to NMC-hosted events.
- Company profile on our website, which includes website link, 2 points of contact, capabilities sheet, and link to company overview video.
- Up-to-date industry news and event information via our newsletter.
- Discounts on corporate membership and bookings at Mystic Seaport Museum.
- And so much more...
